

Window Depot USA Advantage Features

- Decorative or clear glass – thermally sealed – provides exceptional insulation while allowing natural light into your home. Features a 10-year seal failure warranty.
- L-frame jamb units made of 18-gauge steel provide added security and ease of installation. (Replacement doors only)
- Foam compression weatherstripping creates a perfect, weather-tight seal between the door and the jamb for maximum energy efficiency.
- Steel lock reinforcement plate is available on doors with wood jambs for added protection against forced entry.
- Dexter® door hardware features a five-year warranty against mechanical defects, five-year finish warranty and a Grade 3 rated deadbolt for dependable security. (Optional Schlage® decorative hardware shown)
- Patented adjustable strike plate permits easy adjustment to ensure your door seals perfectly and closes securely. (Replacement doors only)
- Eastern white pine jambs offer better finish quality and durability than typical yellow pine jambs. Jambs are end treated with anti-wicking barrier to discourage rot and insects. Features a five-year warranty. (New construction doors only)
- Brass tone ball-bearing hinges are engineered to eliminate door sagging. Other hinge finishes are available to match your lock hardware selection. (Other finishes available only with optional decorative lock hardware)

- Vinyl-coated aluminum clad wood jambs are offered in nine decorative colors for a totally maintenance-free system. (Optional for new construction doors only)
- Decorative accessories including peepsites, knockers, mail or magazine slots, and kickplates are available in finishes to match lock hardware. Features a lifetime finish warranty.
- A palette of 21 paint and eight stain finishes helps reflect your style. The specially formulated industrial coatings from Sherwin-Williams are factory-applied and oven-cured to ensure a hard, durable finish that will last for years. Features a two-year warranty.
- Your door's solid polyurethane core is five times more energy efficient than wood and is environmentally safe.
- Unique jamb/threshold system features a continuous composite base that will not rot or warp. Patented flexible seal forms an impenetrable water barrier. Extended sill and anti-wicking wood treatment help prevent water wicking. Features a five-year warranty.
- Tubular bulb and center fin weatherstripping with outer fins to divert water from the door and threshold. Easily replaceable without removing door.
- Adjustable oak-look composite threshold allows simple height adjustment for perfect door alignment to seal out bottom drafts.

Steel Door Advantages

- 24-gauge hot-dipped galvanized steel with unitized steel perimeter for exceptional strength and security
- Protective base ensures a beautiful finish
- Factory-applied, oven-cured paint finish ensures a hard, durable protective coating
- 20-year warranty

Fiberglass Door Advantages

- Unique water-resistant seal protects against water infiltration on all sides to prevent warping, delamination and rotting
- Architecturally correct stile and rail proportions enhance the door's traditional oak appearance
- Deep-profile fiberglass skins create stronger dimensions and crisper shadow lines
- Available in smooth or woodgrain finish
- Lifetime warranty

Right or left door opens

Double Door
Available in any style.
Two door opening for larger access

Three Door System
Available in styles FL-10, FL-15 and 686-RLB (see page 3).
Any one door opens

Finishes

Fiberglass Stain Finishes

Window Depot USA entry doors are custom finished with specially formulated industrial coatings from Sherwin-Williams. The coatings are factory-applied to ensure a beautiful, durable finish that will last for years.

Color Coordinated with Storm Doors!

Steel and Fiberglass Paint Finishes

SD=Storm Door color. Part of Coordinated Color System, gloss finish only.

The Coordinated Color System features matching colors among Window Depot USA Entry Doors, Window Depot USA Storm Doors, and Clad Jamb but finishes are different. Storm Doors feature high gloss finish, Entry Doors feature low sheen finish, Clad Jamb feature textured finish.

* Due to possible heat build-up, the warranty does not apply for doors of these colors when installed behind storm doors.

Clad Jamb Finishes

** Part of Coordinated Color System.

Create Your Entryway Today
